## Landing Page para Autônomo - Vitrals

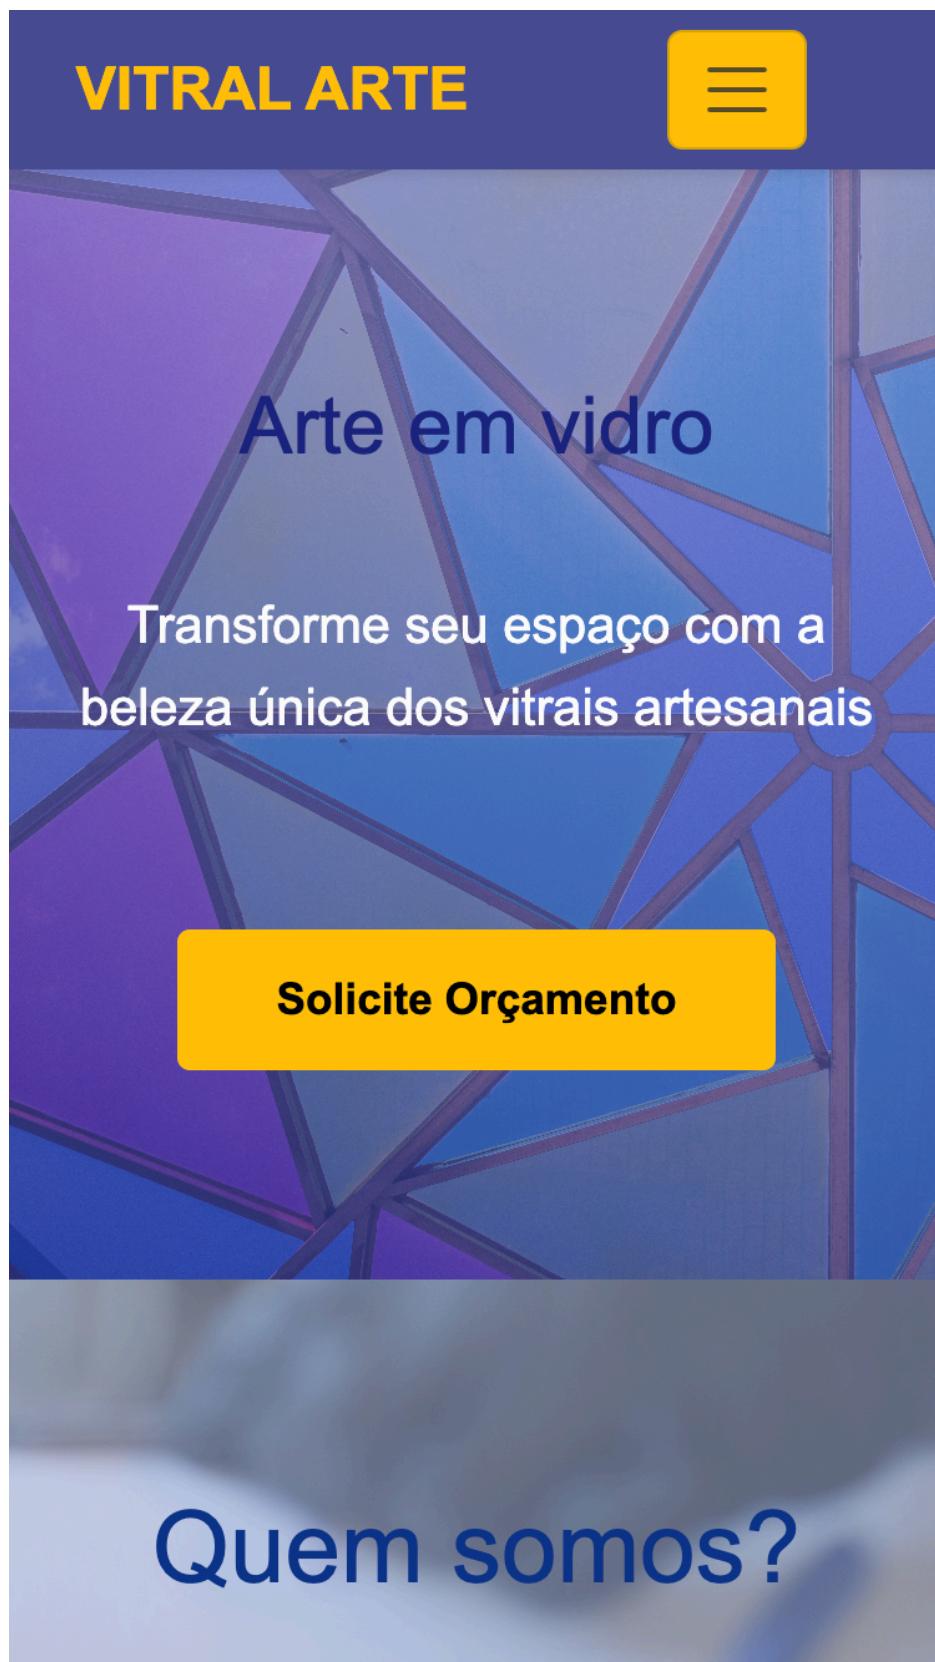

Landing Page responsiva para empresa de vitrais artesanais, desenvolvida com HTML5, CSS3 e Flexbox.

Site publicado no Netlify: <https://vitralarte.netlify.app/>

Web:

Mobile:

The image shows a mobile phone displaying the homepage of a website for 'VITRAL ARTE'. The top navigation bar is dark blue with the company name 'VITRAL ARTE' in yellow capital letters on the left and a yellow square icon with three horizontal lines on the right. The main background is a close-up photograph of a stained glass window with various colored panels (purple, blue, pink) separated by a dark grid. Overlaid on the image are several text elements: 'Arte em vidro' in large blue font at the top center, followed by 'Transforme seu espaço com a beleza única dos vitrais artesanais' in white font below it. A prominent yellow button at the bottom contains the text 'Solicite Orçamento' in black. At the very bottom of the screen, there is a dark grey overlay with the question 'Quem somos?' in large blue font.
